Vacations and sick days:

My cleaning service fee is based upon a 4 week month [4 visits each month]. I am paid for 48 visits each year, not 52. I set aside the unpaid days in the year for some time off. I take my time off between fall and spring. During the holiday season and winter months, I take the week of thanksgiving off and the week of Christmas off. My inability to complete all my accounts the week of thanksgiving and Christmas, plus the limited hours and scheduled holiday closings of my suppliers, forces me to take those weeks off.

I like to take another week off for myself during the year if I can, in either October, or March. However, during the swim season, holidays such as labor day, or memorial day, or independence day, or if I must I take a day off besides a recognized holiday in the event of an emergency, or I am home ill for a couple of days, I will make up the missed days on an unscheduled day, or on a weekend day to stay caught up with my responsibilities.
